FOR IMMEDIATE RELEASE:

## ***21.5" Medical-Grade Touch Screen Perfect for Medical Carts***

(Arlington Heights, IL) - **TRU-Vu** Monitors, a leading supplier of Medical-Grade LCD displays, has added a new line of 21.5" touch screens to their line of Medical-Grade displays and touch screens.

The new [MMZBTP-21.5 Series](#) Medical-Grade touch screens are ideal for use on mobile medical carts, in OEM medical machines, and in surgical operating rooms.

They feature a 21.5" screen with 1920 x 1080 full HD resolution and a wide 178° x 178° viewing angle. They accurately reproduce brilliant color images to facilitate quick and accurate decisions by surgeons and medical staff.

The [MMZBTP-21.5 Series](#) feature a Projected Capacitive (P-Cap) touch screen, which provides multi-touch capability and can be activated via an exposed finger or surgical gloves. They provide VGA, HDMI and Display-Port video inputs, internal or external Medical-Grade power supply and a Green-Dot power cord. They are certified to UL-60601-1. Rear VESA mount holes enable mounting via boom arm or table-top base.

For non-touch screen applications, our new [MM-21.5 Series](#) Medical-Grade video monitors would be the ideal solution.

Both Series are designed for 24/7 operation and feature a full 3-year warranty.
