FOR IMMEDIATE RELEASE:

TRU-Vu Monitors Releases New 8.4" Medical-Grade LCD Monitor

Arlington Heights, Illinois (July 18, 2013) - **TRU-Vu** Monitors, a leading supplier of medical, industrial and commercial LCD monitors, has announced the release of a new Medical-Grade 8.4" LCD monitor.

The new [MM-8.4S](#) complies with UL 60601-1, enabling it to be used in surgical operating rooms, and in close proximity to patients.

The [MM-8.4S](#) Medical Display features VGA, S-Video and Composite (BNC) video inputs; 800 x 600 resolution; a 4:3 aspect ratio screen; 450 nits brightness and more in a rugged, white, powder-coated steel enclosure. It is designed to operate 24/7, and is backed by a full 3-Year Warranty

The [MM-8.4S](#) is ideal for use in a wide range of medical applications, including operating rooms, diagnostic systems, patient monitoring, mobile carts, endoscopy, remote monitoring and more.

For more information on the [MM-8.4S](#) or any other **TRU-Vu** monitor, please contact:
