- Video Inputs: VGA, and HDMI, DisplayPort
- Internal Speakers
- Lockable On-Screen Display Controls
- Can Be Customized To Meet Your Needs
- Auto Re-Start After Power Loss
- 3-Year Warranty

The VMTS-21.5R SAW Touch Screen monitors are designed for maximum light transmission and superb optical clarity. They have a very durable glass surface, with the highest level of scratch-resistance of any touch technology. The VMTS-21.5R SAW Touch Screens are ideal for use in a wide range of military, industrial, law enforcement, aviation, marine, inspection, advertising and transportation applications.

The VMTR-21.5R is a 5-Wire Resistive Touch Screen. This model can be activated with nearly any type of device: exposed finger, glove, stylus, pointer, etc. Its immunity to surface contaminants (oil, water, dirt) makes it a popular choice for more challenging environments. It is a very cost-effective choice for public access, kiosks and more. The VMTC-21.5V features a Surface Capacitive Touch Screen.
