FOR IMMEDIATE RELEASE

***New 21.5" Medical-Grade Touch Screen Display
Ideal for O.R. and Medical Carts***

(Arlington Heights, Illinois) - **TRU-Vu** Monitors, a leading supplier of Medical and industrial-grade displays, has released the new [MMZBTP-21.5G-X](#) 21.5" Medical-Grade touch screen monitor. It is certified to both UL 60601-1 Version 3.1, and IEC 60601-1 4th Edition.

This new model features 1920 x 1080 Full HD Resolution; DVI, HDMI and Display Port video inputs; external Medical-Grade power supply with Green Dot power cord; built-in speakers; and super wide 178° x 178° viewing angles. The Projected Capacitive (P-Cap) touch screen provides multi-touch capability (up to 10 simultaneous touch points) and is highly resistant to false-triggering. It can be activated via bare fingers or with surgical gloves.

The enclosure is a white ABS with rear VESA mount holes. The Zero-Bezel, all glass front (with no side bezels) eliminates germ build-up and simplifies cleaning.

The [MMZBTP-21.5G-X](#) is ideal for use throughout hospitals in the O.R., on medical carts, or to control functions on medical diagnostics systems or machines. It features a sturdy design, and is backed by our full 3-year warranty.

For more information on how the [MMZBTP-21.5G-X](#) Medical-Grade touch screen can meet your needs, please see our full line of Medical/Surgical displays [here](#) or contact:
