MBX-267

Outdoor TV Wall Mount – Articulating Arm

- Made of Corrosion Resistant materials for weather resistance
- Fits displays with mounting patterns up to 600 x 400mm VESA compliant
- Dual arm construction for added strength and smooth motion on larger displays
- Universal model extends from 4.44” (113mm) to 27.94” (710mm) from the wall
- Minimalistic wall plate footprint for increased wall access and improved aesthetic
- Tilt adjustment of up to +15°/-5°
- Wood, concrete or cinder block mounting hardware included
- Maximum Load Capacity: 200 lbs. (91 kg)

This outdoor TV wall mount is made of Corrosion Resistant materials and as a result is certainly recommended for outdoor use. TRU-Vu MBX-267 fits displays with mounting patterns up to 600 x 400mm VESA. Our dual arm construction adds strength and smooth motion on larger displays. Above all, this outdoor tv mount offers a Maximum Load Capacity: 200 lbs. (91 kg). A tilt adjustment of up to +15°/-5° is an extra benefit. Wood, concrete or cinder block mounting hardware is included. The minimalistic wall plate footprint provides increased wall access and improved aesthetic.

This outdoor TV wall mount is both articulating and waterproof for your outdoor viewing. Visit this link to learn more about VESA standards for Mounting brackets for further clarification. Most importantly, TRU-Vu recommends this Outdoor Waterproof wall mount arm because of its durable qualities for our large monitors and touchscreens.
