

PS-12-80W Power Supply

80 Watt 90-240 VAC to VDC adapter for Monitors and Touchscreens

- Power Supply 80 Watts
- 90-240 VAC to 12 VDC Adapter
- 2.5 mm Barrel Plug with Locking Connector

Power Supply 80 Watt, 90-240 VAC to 12 VDC Adapter with 2.5mm Barrel Plug.

Video Displays have either internal or external supplies. Internal supplies have a AC cord which plugs into a wall outlet. The incoming 120VAC power is then converted down to 12 or 24VDC inside the monitor. External supplies are generally small, black rectangular devices which converts AC power to DC. They have two cords; one plugs into a wall outlet, and the other cord carries 12 or 24VDC to the monitor. For use with our TRU-Vu Monitors and Touch-screens.

If you have any questions, please contact tech support or see our full line of accessories.

OUR TECHNICAL EXPERTS ARE READY TO HELP YOU FIND THE RIGHT DISPLAY or power supply
