Use this desk monitor base (white) as a tabletop base for small monitors up from 15.6" to 22". We Recommend it for use with our **Medium LCD Monitors** for a wide range of Applications. It is compatible with both VESA 75mm and 100 mm configurations. For more information on VESA (Video Electronics Standards Association) – visit www.vesa.org Most importantly, it is Steel construction with 2-piece design for Easy Installation. This monitor base tilts up to 90 degrees with mounting screws included. It is UL Listed for confidence and safety.

- We offer optional tabletop bases and wall mount brackets for all monitors. See our **Mounting Brackets and Bases** for more details and available styles.
- All *TRU-Vu* monitors 8.4" and larger have 4 industry-standard VESA screw holes for mounting. These are arranged in a square pattern, 75 x 75 mm, 100 x 100 mm or 200 x 200 mm center-to-center. Monitors from 8.4" to 32" use M4 screws. They should sink into the monitor no more than 6-7 mm. Monitors 42" and larger use M6 screws. They should sink into the monitor no more than 7 mm. VESA mount hole patterns range from 100 x 100 mm to 200 x 200 mm.
