## INDUSTRIAL-GRADE 24 INCH MONITOR

The VM-24R are 24 inch monitors. These industrial-grade LCD monitors offer brilliant color and superb image quality while providing the reliability and rugged performance required by demanding applications. They offer full HD resolution: 1920 x 1080 (1080p/60). It is a 16:9 aspect ratio display series. An extensive list of available OEM options enables you to customize the VM-24R to your specific needs.

### MONITORS WITH MAXIMUM RESISTANCE TO SHOCK AND VIBRATION

The VM-24R also features TRU-Vu's exclusive TRU-Tuff treatment, which ensures maximum resistance to shock and vibration. The TRU-Tuff process includes RTV silicone on all connections and critical components; all wires are dressed, tie-wrapped and secured; and ThreadLock on all screws. This, plus the ABS enclosure, ensures the VM-24R will provide years of reliable service.

### 24" MONITOR DESIGNED FOR 24/7/365 OPERATION

The VM-24R are designed to operate 24/7/365 and are backed by our full 3-Year Warranty. This series of monitors are ideal for industrial, military, food & beverage, machine vision systems, museums, surveillance, and simulator applications. View all of our standard brightness industrial monitors for indoor operation.
