- 300 nits Brightness
- Full HD Resolution: 1920 x 1080
- NEMA 4X Stainless Steel Enclosure
- Protective Anti-Reflective Glass
- Video Inputs: VGA, HDMI, DisplayPort
- Auto Re-Start After Power Loss
- *TRU-Tuff* Ensures Maximum Shock/Vibration Resistance
- Can Be Customized To Meet Your Needs
- 3-Year Warranty
- TAA Compliant

The VMW-27R-SS is a 27" **waterproof** stainless steel monitor, often called a 27" weatherproof screen that is also a NEMA 4X monitor. It is completely sealed and will withstand rain, snow, sleet, etc. These are ideal for use in demanding industrial environments. Resolution is 1920 x 1080 (1080p/60 Full HD) . It has a **16:9 aspect ratio**. On this model we feature a NEMA 4X Stainless Steel waterproof enclosure, and protective Anti-Reflective glass. They operate on 90-240 VAC. Operating temperatures are 32° to 122° F (0 to +50° C).

RUGGED WATERPROOF STAINLESS STEEL MONITORS

Our VMW-27R-SS waterproof monitors are extremely rugged. For instance, we build them with true industrial-grade components. Furthermore, they receive our exclusive TRU-Tuff treatment. The TRU-Tuff process includes RTV silicone on all connections and critical components. Additionally, we dress all wires, tie-wrap and secure them. Lastly, ThreadLock is applied to all screws. Our industrial-grade 27" waterproof monitors are ideal for wet environments, with spraying, splashing or dripping water or other liquids. Our NEMA 4X monitor is rugged and durable in grimy conditions as well.

TRU-Vu 27" waterproof monitors are built for demanding environments and applications. The NEMA 4X monitor's waterproof stainless steel enclosure is ideal for use in wash-down environments such as food processing plants and other manufacturing facilities. For use in direct sunlight, we also offer our **SRMW-32 Series Sunlight Readable Monitors** with 1,000 nits of brightness. For indoor use, we recommend viewing our standard brightness industrial monitors and touch screens. Follow these procedures: [Cable Entry for TRU-Vu Waterproof Monitors \(PDF\)](#) on maintaining water tight integrity.

HIGH OPERATING TEMPERATURE RANGE

We design the VMW-27R-SS monitors to operate in nearly any environmental conditions. Whether in frigid conditions or blazing heat, these displays will survive and thrive. To clarify, this model will operate in temperatures down to +32°F (0°C). This NEMA 4X monitor will also withstand brutal heat. Operating temperatures go up to 122°F (+50°C). The rugged stainless steel enclosure assures these 27" weatherproof screens will provide years of reliable imaging performance. Specifically, typical **MTBF** for these monitors is 50,000 hours.

TRU-VU 27" MONITORS DEPLOYED WORLDWIDE

Our 27" waterproof stainless steel monitors have been deployed in a wide range of demanding industries because of the NEMA 4X monitor enclosure. For example, **military, law enforcement, industrial manufacturing, oil and gas, and entertainment** benefit. They are also found in **inspection, kiosks, heavy equipment, and transportation**. TRU-Vu monitors are backed by our full 3-Year Warranty. This will ensure you of many years of reliable service.
