FOR IMMEDIATE RELEASE:

TRU-Vu Introduces Rugged New 11.6" Sunlight Readable LCD Monitors

Arlington Heights, Illinois (February 7, 2014) - TRU-Vu Monitors, a leading supplier of industrial-grade LCD monitors, has introduced a new 11.6" Sunlight Readable LCD monitor.

The [SRM-11.6H](#) utilizes ultra-bright, state-of-the-art LED backlights to produce 1,000 nits of brightness (this is 4-5 times brighter than a standard LCD monitor or a typical laptop). This ensures that the user will see clear, sharp video images even in direct, bright sunlight.

The **SRM-11.6H** offers 720p HD resolution (1366 x 768), a 16:9 widescreen, VGA and HDMI video inputs, Lockable OSD (On-Screen Display) buttons and a rugged powder-coated steel enclosure. The **SRM-11.6H** also features our exclusive **TRU-Tuff** treatment for maximum shock/vibration resistance: RTV silicone on all connections and critical components; all wires are secured and all screws are ThreadLocked.

The **SRM-11.6H** is ideal for use in a wide range of applications including: on vehicles, ships, aircraft, cranes, drilling rigs, pipeline inspection equipment, public transportation, digital signage, manufacturing plants, surveillance systems, amusement parks, kiosks, and more.
