

PRESS RELEASE

FOR IMMEDIATE RELEASE

13.3" Sunlight Readable LCD Monitor

(Arlington Heights, Illinois) - **TRU-Vu** Monitors, a leading supplier of industrial-grade LCD monitors and touch screens, is pleased to announce the latest addition to their line of super-bright Sunlight Readable monitors.

The new [SRMH-13.3U](#) Sunlight Readable LCD monitors feature a 13.3" screen with over 1,500 nits of brightness, making them 5x brighter than a standard monitor. This makes them ideal for use in direct, bright sunlight. They also feature 1920 x 1080 (1080p/60) Full HD resolution and a 16:9 aspect ratio.

The [SRMH-13.3U](#) Sunlight Readable monitors also offer Lockable On-Screen Display (OSD) Controls and 12VDC or 90-240 VAC operation. They include VGA, HDMI, and Composite (BNC Loop Thru) video inputs.

[SRMH-13.3U](#) monitors are extremely rugged, featuring powder-coated steel enclosures and our exclusive **TRU-Tuff** treatment to ensure maximum shock and vibration resistance, and an operating temperature range of 32° to 158°F (0° to 70°C). These monitors are designed to industrial-grade standards, and are backed by our full 3-year warranty.

The new [SRMH-13.3U](#) monitors are ideal for use in a wide range of industries, including industrial manufacturing, military, law enforcement, aviation, marine, oil and gas, inspection systems, advertising, outdoor digital signage, kiosks, and factory automation applications where view-ability in direct, bright sunlight is crucial.
